

J-1 Social Security Number Support Letter Request

A Social Security Number (SSN) is a nine-digit number that helps record wages and employment earnings. SSNs are issued by the Social Security Administration (SSA). Federal regulations require that J-1 students, scholars, professors, and specialists demonstrate they have employment placement and the right to obtain a SSN. A letter of support indicating you have a valid J-1 visa status with The George Washington University is required for the application to SSA for a SSN.

Eligibility

You may apply for the support letter at the ISO if:

- You have checked-in with the ISO to get your J-1 SEVIS record validated
- You have either enrolled in a full course of study (students) or will begin your J-1 program within two weeks
- You have *bona fide* employment and a verification letter from your employer

Note: A social security number IS NOT work authorization nor does it guarantee employment

Complete the section below and return this form to the ISO with required supporting documentation, including:

- A copy of your employment letter (or award letter) on the employer’s letterhead including the following information:
 - Position title and start date
 - Number of hours you will work per week
 - Location of the employer
- A PDF scan of:
 - DS-2019
 - Passport and visa
 - Recent I-94
 - Proof of valid accident and sickness insurance
