The Colonial Health Center provides high-quality, affordable care and resources to students. The center offers a range of confidential health services to support medical and mental health needs, as well as promotion and prevention services to guide students in maintaining a healthy lifestyle.

Along with health resources for students, the Colonial Health Center houses the GW Parenting Initiative, which strives to create a model program of parenting education, support and research.
The Colonial Health Center provides easy access to medical care and is staffed by medical providers with training, experience and a deep commitment for service to college health.
